

TRS-118 Datasheet

The TRS-118 is a compact, powerful, reflex loaded subwoofer that gives a highly detailed transient response. This cabinet is ideal for portable or fixed installation in venues which are tight on space. Incorporating Ohm's TRS stacking system which ensures secure mounting of multiple TRS-118/A's cabinets. Ground stacking is also possible with Vela and Cora line array cabinets.

Using our proprietary 18" cast aluminium chassis driver, the cabinet has a frequency response of 26 Hz to 200 Hz (- 10 dB) and an SPL of 134 dB (peak). All this performance is built into a cabinet that weighs 47 kg. An impedance of 8 Ohms allows easy daisy-chaining and amplifier efficiency maximisation.

The robust enclosure has a HEX design front grill, hardwearing Polyurea paint finish and two bar handles on each side. Integrated rubber feet are located on underside of the enclosure for securing in multiple ground stack positions on TRS-218 and additional TRS 118 subwoofers. Cups are countersunk into the top of the enclosure to lock in additional TRS-118.

Available separately is a TRS-118 dolly-board enabling easy, single person movement between venues

The rear cast aluminium connection plate has two 4 pin speakON® connectors fitted as standard, one input and one link. The speakON® connectors are wired on pins +1-1, with pass through of pins +2-2.

Key Features:

- Rebated Baltic Birch Plywood construction
- Tough Polyurea coating
- Reticulated weatherproof foam covered powder-coated Zintec steel grills
- Dual layer thermal relief driver technology
- TRS Interlocking stacking system
- Heavy duty recessed steel handles

Technical Specifications

Design

1 x 18" Subwoofer, Reflex loaded.

Impedance

8 Ohm, Minimum 7 @ 33 Hz

Power Handling (AES)

650 Watts (continuous)

Max. Power Handling (AES)

1300 Watts (program)

2600 Watts (peak 10 ms)

Sensitivity 2.83V / 1m

100 dB

Max. SPL

128 dB cont

134 dB peak

Frequency Response (±3 dB)

30 Hz - 180 Hz

Usable Frequency Range (-10 dB)

26 Hz - 200 Hz

Dispersion

Omni

SYSTEM OPERATION

Recommended Amplification

1200 - 2000 Watts

System Controller

Options

Available in white or RAL colours on request

Rigging

Foot and cup stacking system

HARDWARE

Fitted as Standard

Foot and cups stacking System, large bar handles. TP-1P Threaded adaptor plate.

Optional

TP-1 Adjustable threaded pole, TRS-118 dolly board,

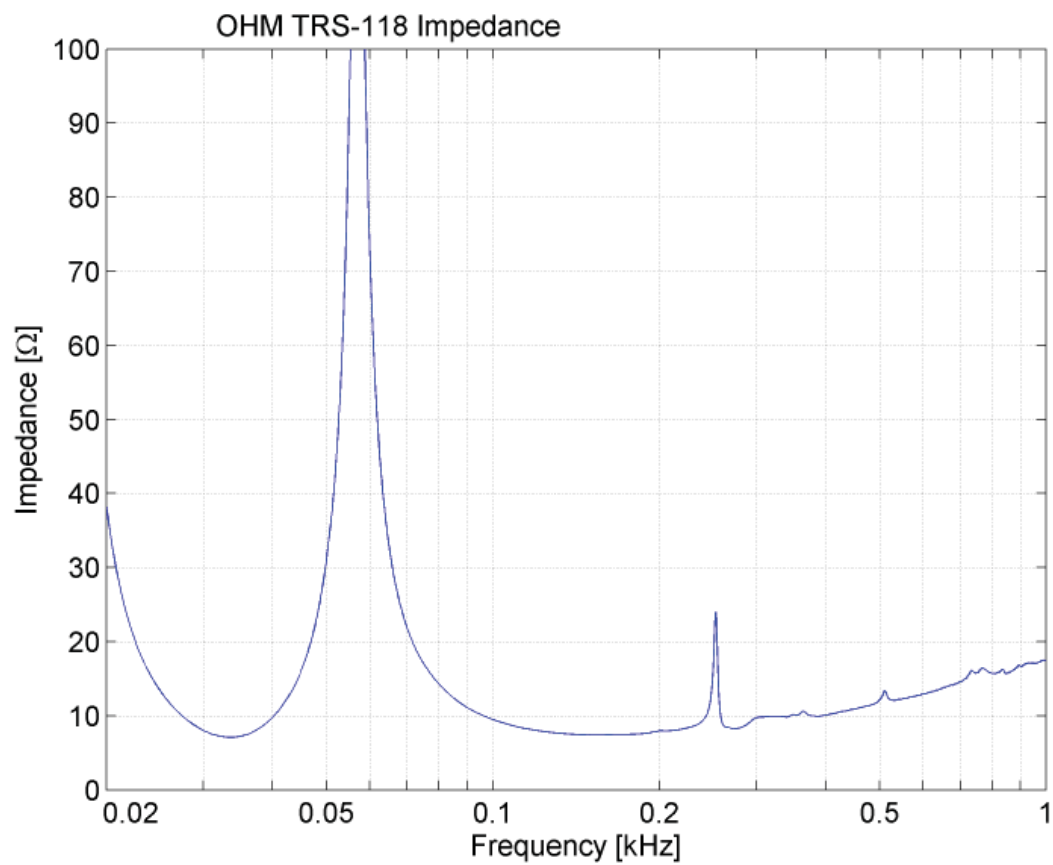

Additional Descriptive Data

Birch plywood construction, with durable scratch resistant black polyurea textured paint finish, kick-proof steel grill and internal black foam with Ohm logo.

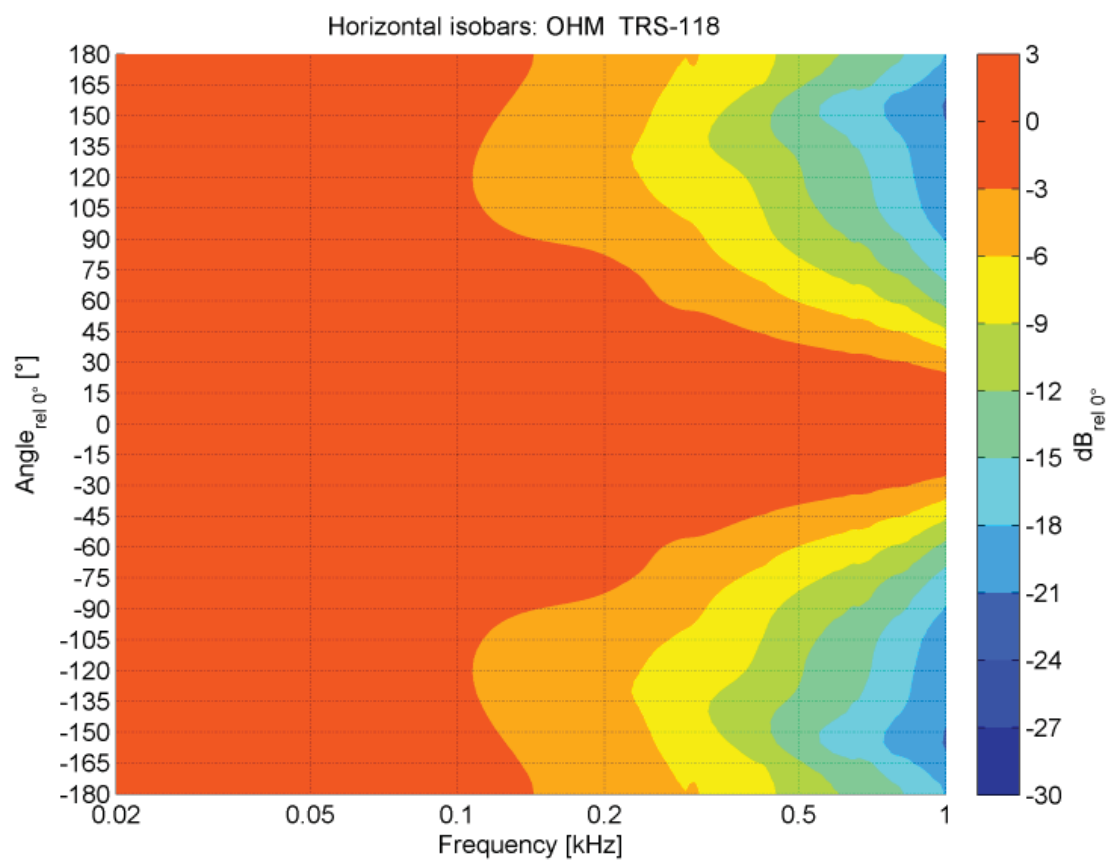

Recommended filter settings are available on the website ohm.co.uk/downloads

* All presets from the OHM library.

TRS-118 Measurements

All Measurements are executed by the IFAA Institute for Acoustics in Aachen, Germany
measurement conditions 4Pi environment for full range cabinets, 2Pi environment for subwoofers.

Accessories and Spare Parts

- Stacking foot and cup system
- TP-1 Adjustable threaded pole
- TP-1P Threaded adaptor plate
- 1 x 18" low frequency driver
- TRS-118 steel grill assembly
- Large bar handles
- TRS-118 backplate
- ST-CP castor pack
- TRS-118 dolly board

Architects' & Engineers' specifications:

Reflex loaded Subwoofer design, housing 1 x 18" proprietary OHM low bass driver. Homogeneous radiating behaviour and linear response in the entire frequency range. Constructed from different multi-laminated wood, eco-friendly scratch resistant polyurea paint, Foot and cup stacking system to ensure cabinets stability when stacked in multiples, ergonomic carry handles, kick proof steel grill finished with internal reticulated foam and Ohm logo.

Technical Data:

Frequency Response: 26 Hz - 200 Hz (-10dB), 30 Hz - 180 Hz (± 3 dB), Continuous SPL: 128 dB/1m, Program SPL 131 dB/1m, Peak 134 dB/1 m. Power Handling: 650 Watt cont. IEC268 AES, Maximum Power Handling: 1300 Watt prog. / 2600 Watt peak, Impedance Nominal: 4 ohm, Dispersion Nominal: Omni (hor. x vert.), Connectors: 2 x speakON® connectors NL4MP (1+/1-, 2+/2- links). Dimensions (H x W x D): 584.3 mm x 576 mm x 746 mm, Weight: 47 kg. Options: Durable scratch resistant black textured paint finish. RAL colours available to order.

Safety Instructions

Professional speaker systems are able to produce sound pressure levels that could harm your health.

Never stand directly in front of loudspeakers for long periods. Whilst not immediately apparent to the listener, sound pressure levels in excess of 90dB@1m can be hazardous to the hearing.

Please refer to the following advice when setting up or dismantling OHM speaker systems.

1. Be sure to leave adequate distance between speakers and the public. Refer to your local authority for Health and Safety guidance when using loudspeaker systems.
2. Be sure to have safe and stable ground for your speakers, particularly when using speaker stands.
3. When stacking speaker systems, ensure they are secured to prevent individual speakers from falling down or moving around.
4. Only use OHM mounting hardware, as this has been specified and approved by AURAL LTD, OHM (UK) LTD for use with OHM speakers.
5. When flying speakers, appropriate materials and techniques must be employed in order to safely suspend enclosures, taking care to allow for specified enclosure weight.
6. Please observe any special instructions that appear on specific loudspeaker data-sheets.
7. Check your speaker hardware and flying material regularly for any visual or mechanical failure. Replace damaged or suspect items when necessary.

Safety Instructions Cont.

8. Only use OHM DSP Solutions. Only technicians authorised by AURAL LTD, OHM (UK) LTD are qualified to program digital controllers. Take note of recommended controllers as specified on the datasheets. Do not use OHM loudspeaker systems without the correct controller. If a system fails due to incorrect controller use, warranty is void.

9. Protect your speakers and electronics from freezing and do not expose them to humidity, water or rain without protection.

OHM loudspeakers and electronics are covered against defects in workmanship or materials for a period of two (2) years from original date of purchase. At the discretion of AURAL LTD, OHM (UK) LTD, the defective item will be repaired/replaced with no charge for materials or labour. The item is to be adequately packed and dispatched, pre-paid, to an OHM authorised distributor/service centre. Unauthorised repair shall void the warranty. The OHM warranty does not cover cosmetics or finish and does not apply to any item which in OHM's opinion has failed due to user abuse, accident, modifications or any type of misuse.
